Course Enrollment Information

1. Important Notices

- 1) **Update your contact information:** The university uses the e-mail address registered in the Yonsei Portal System (<http://portal.yonsei.ac.kr/indexe.jsp>) to contact students regarding university-wide announcements such as regulation changes, leave of absence application, graduation requirements, missing forms, etc. During course enrollment period (from 07:00 to 08:30), a pop-up window will appear asking for verification of your contact details. Please verify your contact information such as address, telephone number, and e-mail. (Personal information updated in the YSCEC are not shared with the Yonsei Portal, so please keep your information up-to-date on the portal.)
- 2) **Government Health Insurance Policy for International Students:** The Korean Ministry of Education mandates all international students to either submit a proof of insurance or purchase insurance in Korea. **International students must submit a proof of health insurance by January 31, 2019.** Otherwise, access to the Yonsei Portal and course enrollment will be restricted.
 - University-approved insurance providers are as follows:
 - National Health Insurance: for international students residing in Korea for a long time and want to receive the same benefits as Koreans (<http://nhic.or.kr>)
 - School Group Insurance: students are offered a discounted rate when buying insurance from a company contracted by the university (<http://www.foreignerdb.com/yonsei>)
 - Private Insurance: insurance purchased from home country and is applicable in Korea. Insurance period and insurance holder must be verifiable.
 - How to submit:
 - Upload the insurance document at Yonsei Portal (<http://portal.yonsei.ac.kr> > Student Record > Modification > Insurance > Upload > Approval)
 - or submit by e-mail (insurance@yonsei.ac.kr).
- 3) **Degree requirements:** The student is responsible for meeting all degree requirements, although an academic advisor can offer advice to help the student achieve their goals. Graduation applicants are required to confirm whether their completed and expected credits and courses taken fulfill the degree requirements for both their common curriculum and specific major. Major courses taken outside the student's major will not be credited as common curriculum requirements, but rather as regular elective course requirements. For more information on the degree requirements, refer to the UIC Curriculum & Academic Regulations booklet.
- 4) **Course Information:** Course syllabi are available online on the Yonsei Portal System. Please pay attention to the changes in course time, location and instructor, which are highlighted in blue. Course information is subject to change. Please check the Yonsei Portal for the most up-to-date information.

2. Dates of Course Enrollment

2.1. Course Enrollment Web Address & Period

- **Course enrollment web address:** <http://portal.yonsei.ac.kr/main/indexe.jsp>
- **Course enrollment Period:** For students registering in 2018 Fall Semester
- Students must not miss the course enrollment schedules specified below. Application for leave of absence should also be filed during this period.

Period	Dates (yyyy/mm/dd time)	Method	Note
UIC First Course Enrollment	2019.2.7~8. 10:00 ~ 17:00	Visit UIC Office	Must apply by email before visiting
Course Enrollment for Sophomore and above	2019.2.11 09:00 ~ 2.12 17:00	Mileage System	Time of enrollment not important (24 hours during the period)
View Results for Course Enrollment	2019.2.13 16:00 ~ 2.14 08:59		Wish List available
Additional Course Enrollment	2019.2.14 09:00 ~ 2.15 17:00	Wait List System	Setting the waiting list by priority according to the result of enrollment period
2nd returning students	2019.2.21. 09:00 ~ 17:00		Students applied for return during 2.12 ~ 20
Course Enrollment for Freshmen(1st Year)	2019.2.26. 09:00 ~ 17:00		
3rd returning students	2019.2.28. 09:00 ~ 17:00		Students applied for return during 2.21 ~ 25
Course Add & Drop	2019.3.7. 08:00 ~ 3.11. 17:00 (Log-in from 07:00)		The existing waiting number will be initialized. Waiting numbers are given on the first-come first-serve basis.

2.2. Details

1) Course Enrollment (Mileage System + Time Ticket System)

Students are provided with certain number of mileages which they can allocate for courses they prefer to take.

- The number of mileages to be allocated for a particular course depends on the discretion of students. Since students are competing for slots, those who allocated more mileage would receive priority in enrollment over those who allocated less.
- The maximum amount of mileage that can be allocated by a student is four (4) times the maximum number of credits allowed to be taken per semester. For example, if a student is allowed to enroll up to 18 credits, he or she will have $18 \times 4 = 72$ mileage points.

- Students may only allocate up to half of their total mileages to one course (maximum of 36 mileages). This is to ensure that students who would enroll few courses and have unused mileages would not have an advantage over those who would enroll full load.
- The total mileages of a student are as follows:

Max Credits	College (Division)	Total Mileage	Degree Requirement Credits
18	<ul style="list-style-type: none"> - College of Business and Economics - School of Business - College of Social Sciences - College of Law - College of Human Ecology - College of Sciences in Education - College of Nursing - UIC UD Humanities & Social Sciences sophomore to senior, HASS Field sophomore to senior 	72	126
19	<ul style="list-style-type: none"> - College of Liberal Arts - College of Sciences - College of Engineering (except School of Integrated Technology) - College of Life Science & Biotechnology - College of Theology - College of Music - Open Major, Global Program - Global Leadership Division - UIC UD Humanities & Social Sciences freshman, HASS Field freshman, UD LSBT, ISE Field 	76	135~166
24	<ul style="list-style-type: none"> - College of Medicine/Dentistry/Pharmacy, School of Integrated Technology 		
	<ul style="list-style-type: none"> - Integrated-Undergraduate-Graduate Program 	72	No mileage for graduate courses
Other	<ul style="list-style-type: none"> - Students allowed to register 3 extra credits for achieving GPA above 3.75 in the previous semester 	~ 76	No mileage given for extra credits

- ※ Students can allocate 1 to 36 mileages for one course, with the exception of RC101 which mileage range begins with 0.
- ※ Students can allocate maximum mileage of 36 for a course. Students are not allowed to allocate maximum mileage of 36 for more than 2 courses.

2) Placement Result & View Results

- Priority in enrollment to a particular course will be based on the following:
 - 1) The mileage a student allocated for a course
 - 2) Whether the students is subject to special education

- 3) Conformity to major designated by the department offering the course
- 4) Number of applied courses (6 courses at maximum will be put into consideration)
- 5) If the student applied for graduation
- 6) Total number of credits earned/required for graduation (Max: 1.00)

* Total Credits of General Transfer = Transferred credits + Earned credits
 * Total Credits of Transfer with Bachelor's Degree/Exchange Students
 = Credits completed + Earned credits

- 7) Credits earned in the previous semester/maximum credits per semester (Max: 1.00)
 - * Freshmen (students admitted in March and September, students in first year second semester) are given priority based on the time of course enrollment (first-come, first-served basis).
- Results of course enrollment are announced before the additional course enrollment period in order for students to check which courses they were able to enroll in.
- During the period of viewing the results, students cannot enroll for courses but can add courses to their wish list in preparation for the additional course enrollment period.

3) Additional Course Enrollment (Wait List System)

- For courses with remaining slots, enrollment of courses will be based on a first-come, first-served basis.
- For courses with no remaining slots, waiting number will be given according to the order of mileage and standards for priority among ties.
- When students are applying for the same course they have applied previously, students have to delete the previous record and make a new application. This will put the student to a lower priority, so excessive application is not advised.

4) Course Add & Drop (Wait List System)

- The waiting list will be initialized to provide opportunity for students who failed to enroll courses.
- Course enrollment during this period will be on a first-come, first-served basis.
- Candidates on the waiting list may be enrolled whenever an enrolled student withdraws the course. Therefore, if the candidate does not wish to be enrolled, he/she must delete the course from the list. (Cancellation is not allowed after the add and drop period.)

5) Other Course Enrollment Method

Classification	Method
1st returning students	Mileage System Wait List System
Exchanges students course enrollment	
Other university credit exchange	
Freshmen admitted in March	Wait List System
Freshmen admitted in September	
2 nd returning students	Wait List System
3 rd returning students	
Summer/Winter session	

6) Course Repeat

Students may repeat courses during all periods. If a student strongly wishes to repeat a course, it is most favorable for her to allocate a large mileage point and apply during the enrollment period.

2.3. Information on Academic Warning

1) Purpose

- The university hopes to understand the reasons for students' poor academic performance and assist them in adjusting to university life. In this regard, various programs are made available to promote the welfare of Yonsei students
- Students should attend an interview with the department chair and receive counselling from a professional counselor before enrolling for courses.

No. of Warning	Counseling Requirement	Counseling Period	Location
First/Second Warning	Students must consult their academic advisor or department chair. Enrollment is possible only after submitting counseling documents signed by the department chair to the Academic Support Team (Underwood Hall B101). ※ The counseling document will be sent via mail or email.	2019.1.21(Mon) ~2.8(Fri) ※ Appointment must be made via email for counseling with academic advisor or department chair.	Affiliated Dept. Office

2) Academic Probation and Dismissal

- An undergraduate student whose grade point average (GPA) is below 1.75 (on a 4.3 scale) will receive a warning. Three (3) academic warnings (not necessarily consecutive) will result to dismissal.
- This policy also applies to a student who has met all the degree requirements and is expected to graduate.
- A student dismissed because of poor academic standing may apply for readmission two (2) years after the date of dismissal.
- If a student is readmitted, receiving one academic warning will automatically result to dismissal.

2.4. Courses offered in the International Campus

- Freshmen admitted in 2018 will have to take freshmen courses offered at International Campus throughout their freshmen year. However, courses for School of Integrated Technology, UIC HASS Field, UIC ISE Field and College of Pharmacy are offered at the International Campus throughout four (4) years.
- Students may take courses offered at Sinchon Campus and International Campus without any restrictions. However, freshmen who must take RC Education cannot take courses offered at Sinchon Campus.

2.5. UIC-First Courses

- UIC sophomores, juniors and seniors may apply for UIC-first courses from **10:00 to 17:00** on **February 7th~8th**.
- Students must send a list of courses via email in the form provided at UIC homepage academic affairs notice board (<http://uic.yonsei.ac.kr>) and visit UIC Office with the form for course enrollment from **10:00 to 17:00** on **February 7th~8th**.
- First enrolled course will be enrolled successfully.
- Four times the credits of the first enrolled course will be automatically deducted from the total mileages. Hence, students who took advantage of this policy will have reduced mileage during course enrollment period.

2.6. Other Important Notices

- It is imperative that students pay close attention to important information in the reference column.
- The first class period begins at 9:00 am. All classes last 50 minutes, followed by a 10 minute break.

2.7. Information on Online (Contents Development) Course Enrollment

- There may also be other web-aided courses that rely solely or partially on online education (<http://yscec.yonsei.ac.kr>). The courses will be noted as 'supplementary video lectures' under reference section of the Course Catalogue.
- Contact: OSE (Open&Smart Education) Center, Tel: 2123-4151

3. Major Academic Regulations

3.1. Course Repeat Policy

1) For Students Admitted in 2013 and thereafter

- Students admitted in 2013 and thereafter will have the opportunity to repeat courses up to three times (not subject to prior approval).
- The highest grade a student can receive for a repeated course is A0 (4.0) (Students cannot receive A+).
- A student who failed a course required for degree completion is allowed to repeat more than three times. However, previously received F's will be calculated in the GPA.
- **UIC Common Curriculum (CC) courses may not be repeated unless a student failed (or received NP) the course.**

2) For Students Admitted in 2012 and before

- Students admitted before 2004: no restrictions on initial grade and newly obtained grade
- Students admitted from 2005 to 2007:
 - Can receive up to A0 for repeating a course with a grade of C+ or below.
 - Within the permitted number of course repeats by relevant year of admission (2005: 4 times, 2006: 3 times, 2007: 2 times), students may repeat courses regardless of the initial grade received and may obtain a maximum grade of A+ upon repeating the course.
- Students admitted after 2008: Can receive a maximum of A0 for repeating a course with a grade of C+ or below.
- **UIC Common Curriculum (CC) courses may not be repeated unless a student failed (or received NP) the course.**

3) Course Repeat Application Period: Courses to be repeated can be enrolled after the course enrollment period by academic year.

※ For details refer to Course Repeat Policy in section 6.

3.2. New policy on leave of absence for pregnancy, childbirth and childcare

3.3. Changes in number of excused absences in case of death in family

3.4. Allowing enrollment for volunteer services and internship courses for prospective graduates

3.5. Shortened length of study for students enrolled in integrated undergraduate and graduate program (up to 2 semesters)

3.6. Course Evaluation Policy

All UIC-only and UIC-first courses are subject to absolute grading policy.

4. Course Load per Academic Term

- Course Load per Academic Term

College (Division)	Min~Max Credits	Special Regulation
<ul style="list-style-type: none"> - College of Business and Economics - School of Business - College of Social Sciences - College of Law - College of Human Ecology - College of Sciences in Education - College of Nursing - UIC UD Humanities & Social Sciences sophomore to senior, - HASS sophomore to senior 	1 ~ 18	<ul style="list-style-type: none"> - GPA 3.75 or higher for the previous semester: 3 credits extra - Graduation applicants who are short 1 credit: up to 19 credits
<ul style="list-style-type: none"> - College of Liberal Arts - College of Sciences - College of Engineering (except School of Integrated Technology) - College of Life Science & Biotechnology - College of Theology - College of Music - Open Major, Global Program - Global Leadership Division - UIC UD Humanities & Social Sciences freshman, - HASS freshman, - UD LSBT, - ISE 	1 ~ 19	<ul style="list-style-type: none"> - GPA 3.75 or higher for the previous semester: 3 credits extra - Graduation applicants who are short 1 credit: up to 20 credits
<ul style="list-style-type: none"> - College of Medicine/Dentistry/Pharmacy, School of Integrated Technology 	1 ~ 24	<ul style="list-style-type: none"> - No more than 24 credits
<ul style="list-style-type: none"> - Integrated-Undergraduate-Graduate Program 	1 ~ 24	<ul style="list-style-type: none"> - No application for extra credits for higher GPA or credits short for graduation

※ First-year UIC students are recommended to take 15 credits within the UIC course offerings.

※ Credits from Chapel, Volunteer Service, RA Leadership Development Theory, and RC Self-Directed Activity can exceed the above course load per academic term.

4.1. Students admitted after the academic year 2006 and thereafter

- “Graduation applicants” refer to students whose combined completed credits and enrolled credits fulfill the credit requirements for graduation. Graduation applicants may not apply for additional credits permit for the purpose of fulfilling minor requirements, double majors requirements, or repeating courses. A student is not considered a graduation applicant if he or

she was only able to meet the requirements after earning the necessary extra credits in the succeeding seasonal terms. In that case, application for additional credit permit is not permitted.

- Graduation applicants lacking credits must submit the 'extra credits application' form to the Academic Support Team at the Academic Affairs Office (Underwood Hall B101), before the course add/drop period ends.
- Students who earned less than 15 credits (18 credits for students admitted in 1999 or earlier) are not eligible to apply for academic honors. However students who have completed at least 12 credits are allowed to apply for university scholarships.

※ First-year UIC students are recommended to take 15 credits within the UIC course offerings.

※ Credits from Chapel, Volunteer Service, RA Leadership Development Theory, and RC Self-Directed Activity can exceed the above course load per academic term.

4.2. Important Notices

1) Academic Honors & Scholarship

- Students who have taken less than 15 credits are not eligible for academic honors.
- Students must take 12 credits or more to be eligible for scholarship.

2) Registration Per Credit

- Tuition discounts are not available for undergraduates during their first eight (8) semesters if they choose to enroll credits below the requirement.
- Tuition will be based on the number of enrolled credits, following the rate indicated below.
 - Students who register for a 9th semester or more, transfer students who register for a 5th semester or more, and double major of expected graduates who register for 4th semester or more.
 - Students subject to university regulation article 20.
- Tuition Rate
 - From 1 credit to 3 credits, 1/6 of full tuition.
 - From 4 credits to 6 credits, 1/3 of full tuition.
 - From 7 credits to 9 credits, 1/2 of full tuition.
 - For 10 credits and above, full tuition.
- Payment Method: Tuition payment should be made after receiving a tuition payment bill from the Department of Financial Affairs (2123-4500) after the course add & drop period.

5. Credit Awarding Extra-Curricula Programs

5.1. Volunteer Service, Holistic Education I

1) Purpose

- In order to encourage student involvement in social services, instill individual responsibility toward society, and encourage leadership through volunteer work, students participating in university-accredited volunteer service activities have been eligible to receive university credits since the first semester of the 2004 academic year.

2) Information on Credits

- Volunteer Service (UCI2001, 1 credit) courses are offered for students regardless of majors.
- 2 hours of orientation, 8~15weeks (summer/winter sessions are 5~8 weeks, 30 hours or more in total) of volunteer service, 2 hours of end-of-term evaluation, etc. will sum up to 34 hours or more sufficient for a credit.

- Volunteer Service is usually held during weekdays (Mon~Fri, 9:00am~5:00pm). Schedule may vary according to individual programs and is announced during the orientation held at each organization.
- Volunteer service may not be counted as Internship, Career Bridge Program, etc.

3) Information on Course Enrollment

- Students enrolling in Volunteer Service may exceed the maximum course load allowed per semester. Furthermore, only one Volunteer Service course may be enrolled per semester. Volunteer Service course offered during summer/winter sessions do count towards maximum course load which is 7.
- Students can enroll up to 4 Volunteer Service courses (4 credits) until graduation.
- Students cannot take Volunteer Services courses offered during the summer/winter session before their graduation.
- **Students who received 'NP' can no longer enroll in any Volunteer Service course.**
- **Students cannot withdraw Volunteer Service courses.**

4) Course Evaluation

- Volunteer Service course is subject to 'P'(Pass) or 'NP'(Non-Pass).
- Students will receive 'NP' in case of the following.
 - If a student misses or does not participate in the orientation (first week of Volunteer Service program)
 - If a student misses or does not participate for 2 sessions (4 hours) without prior approval.
 - If the representative of the organization evaluates the student's service level as an 'F' on a scale of A, B, C or F.
 - If a student does not submit daily report.
 - If a student misses or does not participate in the end-of-term evaluation.
- Above policy on Volunteer Service applies to Holistic Education I at the International Campus.

5) Please refer to the university notice board for more details.

5.2. Career Bridge/Internship

1) Career Bridge Program

- Program: According to an agreement between the university and the organization, students may serve in an organization for at least 160 hours or more (5 months at max).
- Eligibility
 - Students who have finished 2nd semester or more.
 - Students cannot participate in Career Bridge Program offered during summer/winter session before their graduation.
- Credits
 - Regular Semester: 15 credits at maximum can be transferred per semester. Transfer as major credits may differ according to the affiliated department.
 - Summer/Winter Session: at least one month (160 hours) and 6 credits at maximum
- Course Evaluation: P/NP
- Inquire: Academic Advisors at affiliated department

2) Global Internship

- Eligibility
 - Students in Junior and Senior year
 - Cumulative grade point average (CGPA) of 3.0 or above (on a 4.3. scale), TOEFL 550 (CBT 213, iBT 79-80) or TOEIC 750 or above (or level of English language proficiency

- specified by the companies)
- Students cannot apply in their last semester (students cannot participate in internship that starts in the 2nd semester of senior year)
- Students who were not penalized according to university regulations
- Students who are eligible for overseas traveling or issuance of visa
- Contact: Office of International Affairs (2123-4704, sap@yonsei.ac.kr)

3) Junior Seminar

- Course Title: Junior Seminar (Course Code: refer to course catalogue at Yonsei Portal)
- Credits, Classification and Course Schedule: 1 elective credit, 1 hour per week
- Eligibility: Students in sophomore, junior and senior year can enroll up to 3 times (3 credits) outside of course load per academic term. Students cannot repeat the course. In case a student retakes the course after receiving a Pass grade, it will not count towards credit for degree requirement.
- Course Size: 10~15 students per class. The course will be cancelled if less than 7 students enroll.
- Course Enrollment: through Yonsei Portal
- Please read the syllabi or go to the reference section to check any limitations in course enrollment or a specified schedule for interview.

6. Course Repeat Policy

6.1. Course Repeat & GPA

1) About Course Repeat

- If a student enrolls in a course for two or more times, only the course credits and grade of the most recent course will be counted for fulfilling the degree requirements and GPA.
 - Note that even if a student received 'F' for the most recent course, previously received grade will not be counted.
- Previously received academic warning will remain in effect even if a student's GPA improves by repeating a course.
- **UIC Common Curriculum courses (course category: CC) may not be repeated unless a student received 'F' for the course.**

2) Course Repeat Policy by Year of Admission

- Students admitted in 2013 and thereafter may repeat a course up to 3 times ('3-time opportunity') until graduation. The highest grade a student can receive for a repeating course is 'A0'. If a student fails (receive 'F') a mandatory course for degree requirement, the student may repeat the course without using the 3-time opportunity but previously received 'F' will also count towards the GPA.
 - Unless a grade of F/NP was received, a student can re-enroll the course only by using the 3-time opportunity.
 - If a student received F/NP for a course, a student may re-enroll the course without using 3-time opportunity, and the highest grade for the repeating course will be 'A0'. The default for course repeat at Yonsei Portal is 'Do Not Use 3-time Opportunity' so please change it to 'Use 3-time Opportunity'.
 - A student cannot change Use/Not Use of 3-time opportunity after course add & drop period.
- Students admitted from 2008 to 2012 can repeat a course with a letter grade of 'C+' or lower. The highest grade a student can receive for a repeating course is 'A0'.

- Students admitted from 2005 to 2007 can repeat a course with a letter grade of 'C+' or lower and the highest grade a student can receive for a repeating course is 'A0'. However, with limitation in number of course repeat (student admitted in 2005: 4 times, student admitted in 2006: 3 times, student admitted in 2007: 2 times) students can repeat a course without restriction on highest grade so that students can receive 'A+' for a repeating course.
- Course enrollment for a course repeat is possible after the course enrollment period.
- Above policy applies to UIC courses except for CC courses which can be repeated only if a student received F/NP.
- Summary of Course Repeat Policy by Year of Admission
(except for CC courses which can be repeated only if previous grade is F/NP)

Classification	Students admitted in 2005-2007	Students admitted in 2008-2012	Students admitted in 2013 and thereafter
Range of previous grade for course repeat	C+ ~ F		None
Exception applied to restriction on highest grade for a repeating course	Students can repeat course with A+ ~ B- up to: 4 times (2005), 3 times (2006), 2 times (2007)	None	None
Limitation in number of course repeats	None		3 times
Highest grade for a repeating course	A ⁰		
GPA	Most recent grade will count towards the GPA		If the course is repeated using 3-time opportunity the most recent grade will count towards the GPA. For a course outside of 3-time opportunity the previously received grade (even 'F') will also count towards the GPA.

6.2. Definition of Identical Courses

1) Identical Courses that CAN be Repeated

- A course with the same course description, course code, course title and credits.
- A course with the same course description although the course code and course title has changed.
- In case of change in credits, course repeat is possible only by taking a course with higher credits.

2) Courses that CANNOT be Repeated

- A course that has been cancelled due to change in curriculum.
- A course that has different course code, classification, and course description (even if the course title is the same).

3) Verification of Identical Courses

- Verification of identical courses is possible at Yonsei Portal (<http://portal.yonsei.ac.kr>) > 'Course Catalogue and Syllabus: Undergraduate & Graduate' > click red button for 'Identical Courses'.

The screenshot shows the Yonsei University Portal interface. A pop-up window titled "Identical Courses with Changed Title. Code or Credit (UCH1109-01-00)" is overlaid on the main course list. The pop-up contains a table with the following data:

Course Code	Course Title	Credit
UCH1109	ENVIRONMENT CONSERVATION & EIA	3
UH120	ENVIRONMENT CONSERVATION & EIA	3
UCH1109	SCIENTIFIC APPROACHES TO THE ENVIRONMENTAL DISASTERS	3
UH120	ENVIRONMENTAL PROTECTION	3

The main interface shows a list of courses with columns for Semester, Major, Year, Sec, Category, and Group. A red arrow points from the "Identical Courses" button in the main interface to the pop-up window.

6.3. Exceptions in Course Repeat

- Courses without credits: Repeating Chapel or other courses without credits will not replace previously received 'NP'.
- A course with credits but graded P/NP: Freshmen/Junior Seminar, Volunteer Service, Career Bridge Program, etc. are not subject to course repeat. However, courses graded by both letter grade and P/NP are subject to course repeat.
- Courses designated as an exception by the affiliated department.

7. Course Withdrawal

7.1. Method

- **Course Withdrawal web address:** <http://portal.yonsei.ac.kr/main/indexe.jsp>
- **Course Withdrawal period:** 2019. 4.3.(Wed) 09:00 ~ 4.5.(Fri) 23:59
- **Method:** Enter the courses for withdrawal at the Yonsei Portal

7.2. Grading Policy for Withdrawn Courses

- From 2009, a withdrawn course will not be counted towards the GPA and will not appear on the transcript.
- Courses withdrawn before 2008 will be recorded 'W' on the transcript even if students repeat the courses.

7.3. Important Notices

- Since a withdrawn course will not be deleted from personal course schedule table at Yonsei Portal, students must check whether it has been withdrawn from the enrollment list at Yonsei Portal.
- Current semester credit must be at least 1 after course withdrawal. Students cannot take another course as a replacement to a withdrawn course.
- Students cannot withdraw Volunteer Service.
- Students who have withdrawn a course cannot apply for additional 3 credits and will be

disqualified from the (highest/high) honor roll and highest/high honors award (at commencement) regardless of the student's overall GPA.

8. Domestic Exchange Program: Taking Courses

Yonsei students may take courses offered at domestic exchange universities with prior permission from their department chair and academic dean.

8.1. Exchange universities

Current domestic exchange universities include Seoul National University, Sogang University, Ewha Woman's University, Ulsan University, KAIST, Korea University, Sungkyunkwan University, Jeonju University, Hannam University, Seoul National University of Technology, Keimyung University, Chung-Ang University, Sungshin Women's University, Ulsan National Institute of Science and Technology, Hankuk University of Foreign Studies and Yeungnam University. This list is subject to the specific terms of the exchange agreement.

8.2. Eligibility

1) General

- Students attending 5th~7th semester (applicants for Sogang and Ewha must be in their 3rd~7th semester) (transfer students and students double majoring before graduation can apply after one semester.)
- CGPA until the previous semester should be 3.00 or higher.
- For all domestic universities, students in their eighth semester or higher are ineligible to apply.

- 2) Jeonju University applicant: Yonsei students can take regular semester courses only, for a maximum of 2 semesters.

8.3. Period of Study

- Length of study at a domestic exchange institution is limited to one semester.

8.4. Application period and method

- Applicants should send completed application form by e-mail to yonseiex@yonsei.ac.kr during the prescribed periods.
- Deadline: Deadlines differ according to universities. Please check the University notice board (Spring Semester: Early January, Fall Semester: Late July).

8.5. Course Taking and Credits

1) Course taking and credit

- During the regular semester, students can enroll in exchange university courses and Yonsei courses concurrently; however, students are not permitted to take courses at different universities during summer or winter sessions.
- Students may not repeat the courses they have already taken at Yonsei University at exchange universities. Identical courses taken at exchange university will not count towards credits for degree requirement.
- Courses taken at a domestic exchange university will be credited as elective courses.
 - Under extreme circumstances, in order to fulfill graduation requirements, courses taken at a domestic exchange university may be counted towards major requirements with prior

approval of your department chair, college dean and academic dean. An official letter requesting acknowledgement of credit for a major should be sent to the academic dean by the department chair before enrolling in the course. If approval is granted, a 'Petition for Substitutions' form must be submitted to the Academic Support Team (phone 2123-2087) within 3 months of completion of the domestic exchange study.

- In order to fulfill the Teacher Training Program requirement with a course taken at an exchange university, the student must submit the 'Petition for Substitutions' form to the Academics Support Team within 1 month of the completion of the domestic exchange study after getting the approval signature from the Educational Science Department chair.

2) Grading and Evaluation

- Grades for courses taken at an exchange university will be calculated in the GPA.

3) Per semester course load limit

- A combined total of 18 credits from the exchange and home universities, and 7 credits during summer or winter terms.

8.6. Tuition and Fees

- Regular semester: Tuition must be paid to the home institution.
- Summer/Winter Session: Tuition is imposed by the exchange university. For some universities, it must be paid to the exchange institution.

9. Graduate Course Enrollment Information

- Junior and Senior undergraduate students are eligible to enroll in graduate school courses for up to 6 credits (2 courses) per semester within the per-semester course limit, and up to 12 credits (4 courses) in total.
- Courses of Graduate Schools of specific disciplines, such as GSIS courses, are not open to undergraduate students unless they are enrolled in an integrated undergraduate-graduate program.
- Graduate courses can be counted either toward undergraduate graduation requirements or be reserved for graduate degree requirements, depending on the student's preference, but cannot be counted towards both degrees.
- For students in the Integrated Undergraduate-Graduate Program, graduate courses count only towards the masters degree.
- Graduate courses will be evaluated using the letter grade scale (A+ A0 A-, B+ B0 B-, C+ C0 C-, D+ D0 D-, F), but will not be computed into the undergraduate student's GPA.
- Students who plan to enroll in graduate courses should submit the enrollment application below to the Registrar's Team, the Academic Affairs Office before the course add/drop period.
- Students must indicate if they are in the Integrated Undergraduate-Graduate Program by checking the proper box in the application form.

10. UIC Degree Requirements

Please refer to “Curriculum & Academic Regulations” by each year.

(uic.yonsei.ac.kr >> Academics >> Curriculum & Academic Regulations / Degree Requirements)

11. Common Curriculum Course for 2019

11.1. Common Curriculum Course for 2019 UD freshmen

- **Chapel** (0.5 credit): 4 semesters of a passing grade required for graduation.
 - **Understanding Christianity** (3 credits): One-semester required course for 1st-year students.
Christianity and World Culture, Modern World and Christianity, and Bible and Christianity are Understanding Christianity courses.
 - **Freshman Writing Intensive Seminar** (3 credits): Through the intense study of a selected academic topic, students will develop fundamental skills of academic writing. Freshman Writing Intensive Seminar and Writing Tutorial are considered as identical courses for students admitted in 2011 and before.
 - **CC L-H-P Series** (6 credits): Underwood Division Humanities and Social Sciences students are required to take two courses from two of the following categories in the Common Curriculum during their freshmen year or sophomore year: World History, World Literature or World Philosophy. Underwood Division LSBT students are required to take one course from CC L-H-P series.
 - **World Literature:** Students may choose from Classical, East Asian, Modern European, English and American, Modern Japanese and Comparative Literature courses.
 - **World History:** World History is divided into two sequences: Group I(general survey courses) and Group II(a course with a narrower focus).
 - **World Philosophy:** A range of courses will introduce students to fundamental issues in philosophy.
 - **Critical Reasoning** (3 credits): One semester of Critical Reasoning either during the freshmen year or sophomore year is required.
 - **Science Literacy and Research Design** (3 credits): Underwood Division Humanities & Social Sciences students (CLC, ECON, IS, PSIR) admitted in 2014 and thereafter are required to take one Science Literacy and Research Design course (3 credits): this will be a required course and will not be double-counted toward other requirements. The History of Science and Technology course will be considered as a science literacy course only, and will not satisfy World History Group I for students admitted in 2014 and thereafter. The Science Literacy and Research Design courses include Research Design and Quantitative Methods, History of Science and Technology, Social Cognition, Introduction to the Science of the Mind, Science in Context, Science in Society, General Biology and Laboratory, General Chemistry and Experiments, Calculus and Vector Analysis, General Physics and Laboratory, and other courses to be determined later.
- * Underwood Division LSBT students are required to take either Critical Reasoning or Research Design and Quantitative Methods.

- **UIC Seminar** (6~12 credits): Courses with course codes of **UIC35(XX)** and **UIC36(XX)** are UIC Seminars. Underwood Division Humanities & Social Sciences students will take one UIC Seminar per semester (3 credits each) from the second semester of their sophomore year through the first semester of their senior year. Students are required to take 4 UIC Seminars, but students are allowed to take electives instead of UIC seminars while studying abroad. If a student is away for one semester on exchange, the number of UIC Seminars to be taken is reduced to 3. If a student is away for two semesters of exchange, the number goes down to a minimum of 2. Underwood Division LSBT students are required to take 2 UIC Seminars.
- **Senior Thesis: An Independent Study** (3 credits, optional): A one-semester-long thesis for UIC students in their eighth semester.
- **UIC Electives**: An array of elective courses are offered to all UIC students.
- **Western Civilization** (3 credits): This three hour lecture course will address the central historical question of how and why the far western peninsula of Eurasia became "the West." The course will explore not only the historical, philosophical, and literary foundations of "western civilization" but also will show how that "civilization" was shaped through encounters with other groups, cultures, and competing traditions. Rather than offering a comprehensive survey, the lectures will focus on particular literary, historical, philosophical, scientific, or artistic developments, from the ancient Greeks to the present day. Students are required to take this course during their freshmen year.
- **Eastern Civilization** (3 credits): In this course we will examine the civilizations of East Asia from the earliest recorded history to the present, focusing on how culture, thought, societies, and economies have changed over time. Although the semester will be divided by region into separate units on "China," "Japan," and "Korea," this course will not present national histories per se, but will instead give attention to regional and global interactions while emphasizing the fluidity of boundaries and identities. UIC students are required to take this course during their freshmen year.
- * LSBT students are required to take either Western Civilization or Eastern Civilization.
- **Social Engagement**: From 2018 academic year, Social Engagement course is offered only on the International Campus. UIC students admitted in 2018 and thereafter are required to take this course in their 1st year.
- **Yonsei RC 101**: This is a required course for freshmen. Freshmen are required to take this course during their 1st semester.
- *Volunteer Services (I): Students may enroll in the Volunteer Services courses regardless of the per semester course load limit. **If a student receives a grade of 'NP', they cannot enroll in Volunteer Services courses afterwards. Course withdrawal is not allowed for Volunteer Services courses.** You should know that this is a graduation requirement.
- **Language Course** (3 credits): UD majors except LSBT must take one foreign language course.

11.2. Common Curriculum Course for 2019 ASD freshmen

- **Chapel** (0.5 credit): 4 semesters of a passing grade required for graduation.
- **Understanding Christianity** (3 credits): One-semester required course for 1st-year students.

Christianity and World Culture, Modern World and Christianity, and Bible and Christianity are Understanding Christianity courses.

- **Freshman Writing Intensive Seminar** (3 credits): Through the intense study of a selected academic topic, students will develop fundamental skills of academic writing.
- **CC L-H-P Series** (6 credits): Asian Studies majors are required to take two courses from two of the following categories in the Common Curriculum in the first year: World History, World Literature or World Philosophy.
 - **World Literature:** Students may choose from Classical, East Asian, Modern European, English and American, Modern Japanese and Comparative Literature courses.
 - **World History:** World History is divided into two sequences: Group I (general survey courses) and Group II (a course with a narrower focus).
 - **World Philosophy:** A range of courses will introduce students to fundamental issues in philosophy.
- **Critical Reasoning** (3 credits): One semester of Critical Reasoning is required.
- **Western Civilization** (3 credits): This three hour lecture course will address the central historical question of how and why the far western peninsula of Eurasia became "the West." The course will explore not only the historical, philosophical, and literary foundations of "western civilization" but also will show how that "civilization" was shaped through encounters with other groups, cultures, and competing traditions. Rather than offering a comprehensive survey, the lectures will focus on particular literary, historical, philosophical, scientific, or artistic developments, from the ancient Greeks to the present day. UIC students are required to take this course during their freshmen year.
- **Eastern Civilization** (3 credits): This is a mandatory course for all Asian Studies freshmen. In this course we will examine the civilizations of East Asia from the earliest recorded history to the present, focusing on how culture, thought, societies, and economies have changed over time. Although the semester will be divided by region into separate units on "China," "Japan," and "Korea," this course will not present national histories per se, but will instead give attention to regional and global interactions while emphasizing the fluidity of boundaries and identities. Students are required to take this course during their 1st year.
- **Science Literacy and Research Design** (3 credits): ASD students admitted in 2014 and thereafter are required to take one Science Literacy and Research Design course (3 credits): this will be a required course and will not be double-counted toward other requirements. The History of Science and Technology course will be considered as a science literacy course only, and will not satisfy World History Group I for students admitted in 2014 and thereafter. The Science Literacy and Research Design courses include Research Design and Quantitative Methods, History of Science and Technology, Social Cognition, Introduction to the Science of the Mind, Science in Context, Science in Society, General Biology and Laboratory, General Chemistry and Experiments, Calculus and Vector Analysis, General Physics and Laboratory, and other courses to be determined later.
- **Social Engagement:** From 2018 academic year, Social Engagement course is offered only on the International Campus. UIC students admitted in 2018 and thereafter are required to take this course in their 1st year.

- **Yonsei RC 101:** This is a required course for freshmen. Freshmen are required to take this course during their 1st semester.
*Volunteer Services (I): Students may enroll in the Volunteer Services courses regardless of the per semester course load limit. **If a student receives a grade of 'NP', they cannot enroll in a Volunteer Services course afterwards. Course withdrawal is not allowed for Volunteer Services courses.** You should know that this is a graduation requirement.
- **UIC Seminars (6 credits):** Asian Studies majors are required to take two UIC seminars. Courses with course codes of **UIC35(XX) and UIC36(XX)** are UIC Seminars.
- **UIC Electives:** We offer a variety of courses in the category of UIC Electives.
- **Language (6 credits):** Asian Studies majors must take 2 semesters of one foreign language. All Korean heritage speakers, regardless of citizenship, are required to take either Chinese or Japanese in order to fulfill the language requirements. If you are a Korean heritage speaker and wish to take Korean as a foreign language, you are required to have an assessment interview with the program director prior to registration. Please contact Foreign Language Program Director to arrange an interview.
- **Asian Studies Research Seminar (3 credits):** This course is designed for UIC Asian Studies major or minor who is currently in the senior year and who is committed to writing a longer paper, namely a research project. Any UIC senior who has taken a number of Asia-related courses and who wishes to undertake a research project, whether for the purpose of applying for graduate schools or purely for intellectual reasons, is encouraged to take this class as well.

II.3. Common Curriculum Course for 2019 HASS freshmen

- **Chapel (0.5 credit):** 4 semesters of a passing grade required for graduation.
- **Understanding Christianity (3 credits):** One-semester required course for 1st-year students. Christianity and World Culture, Modern World and Christianity, and Bible and Christianity are Understanding Christianity courses.
- **Freshman Writing Intensive Seminar (3 credits):** Through the intense study of a selected academic topic, students will develop fundamental skills of academic writing.
- **CC L-H-P Series (6 credits):** HASS students are required to take two courses from two of the following categories in the Common Curriculum during their freshmen year or sophomore year:: World History, World Literature or World Philosophy.
 - **World Literature:** Students may choose from Classical, East Asian, Modern European, English and American, Modern Japanese and Comparative Literature courses.
 - **World History:** World History is divided into two sequences: Group I(general survey courses) and Group II(a course with a narrower focus).
 - **World Philosophy:** A range of courses will introduce students to fundamental issues in philosophy.
- **Critical Reasoning (3 credits):** One semester of Critical Reasoning is required.
- **Science Literacy and Research Design (3 credits):** HASS students admitted in 2014 and thereafter are required to take one Science Literacy and Research Design course (3 credits): this will be a required course and will not be double-counted toward other requirements. The History of Science and Technology course will be considered as a science literacy course only, and will not satisfy World History Group I for students admitted in 2014 and thereafter. The Science Literacy and Research Design courses include Research Design and Quantitative Methods, History of Science and Technology, Social Cognition, Introduction to the Science of the Mind, Science in Context, Science

in Society, General Biology and Laboratory, General Chemistry and Experiments, Calculus and Vector Analysis, General Physics and Laboratory, and other courses to be determined later.

- **Western Civilization** (3 credits): This three hour lecture course will address the central historical question of how and why the far western peninsula of Eurasia became "the West." The course will explore not only the historical, philosophical, and literary foundations of "western civilization" but also will show how that "civilization" was shaped through encounters with other groups, cultures, and competing traditions. Rather than offering a comprehensive survey, the lectures will focus on particular literary, historical, philosophical, scientific, or artistic developments, from the ancient Greeks to the present day. Students are required to take this course during their freshmen year.
- **Eastern Civilization** (3 credits): This is a mandatory course for all HASS students admitted in 2014. In this course we will examine the civilizations of East Asia from the earliest recorded history to the present, focusing on how culture, thought, societies, and economies have changed over time. Although the semester will be divided by region into separate units on "China," "Japan," and "Korea," this course will not present national histories per se, but will instead give attention to regional and global interactions while emphasizing the fluidity of boundaries and identities. Students are required to take this course during their freshmen year.
- **Social Engagement:** From 2018 academic year, Social Engagement course is offered only on the International Campus. UIC students admitted in 2018 and thereafter are required to take this course in their 1st year.
- **Yonsei RC 101:** This is a required course for freshmen. Freshmen are required to take this course during their 1st semester.
*Volunteer Services (I): Students may enroll in the Volunteer Services courses regardless of the per semester course load limit. **If a student receives a grade of 'NP', they cannot enroll in a Volunteer Services course afterwards. Course withdrawal is not allowed for Volunteer Service courses.** You should know that this is a graduation requirement.
- **UIC Seminars** (6 credits): HASS students are required to take two UIC seminars. **Courses with course codes of UIC35(XX) and UIC36(XX) are UIC Seminars.**
- **UIC Electives:** We offer a variety of courses in the category of UIC Electives.
- **Language Course** (3 credits): HASS majors except Asian Studies must take one foreign language course. Asian Studies majors must take 2 semesters of one foreign language. All Korean heritage speakers, regardless of citizenship, are required to take either Chinese or Japanese in order to fulfill the language requirements. If you are a Korean heritage speaker and wish to take Korean as a foreign language, you are required to have an assessment interview with the program director prior to registration. Please contact Foreign Language Program Director to arrange an interview.

11.4. Common Curriculum Course for ISED students admitted in 2019

- **Chapel** (0.5 credit): 4 semesters of a passing grade required for graduation.
- **Understanding Christianity** (3 credits): One-semester required course for 1st-year students. Christianity and World Culture, Modern World and Christianity, and Bible and Christianity are Understanding Christianity courses.
- **Freshman Writing Intensive Seminar** (3 credits): Through the intense study of a selected academic topic, students will develop fundamental skills of academic writing.
- **CC L-H-P Series** (3 credits): ISED students are required to take one course from one of the following categories in the Common Curriculum during their freshmen year or sophomore year: World History, World Literature or World Philosophy.
 - **World Literature:** Students may choose from Classical, East Asian, Modern

European, English and American, Modern Japanese and Comparative Literature courses.

- **World History:** World History is divided into two sequences: Group I (general survey courses) and Group II (a course with a narrower focus). "History of Science & Technology" was considered as World History Group I for students admitted in 2013 and before, but this course does not fulfill World History Group I for students admitted in 2014 and thereafter.
 - **World Philosophy:** A range of courses will introduce students to fundamental issues in philosophy.
 - **ISED students are required to take either **Critical Reasoning or Research Design and Quantitative Methods** during their 1st year or 2nd year.**
 - **Critical Reasoning:** This course aims to educate students in the basic skills necessary for logical analysis, normative judgment, and moral reasoning.
 - **Research Design and Quantitative Methods:** An introductory overview of important principles of quantitative analysis.
 - **UIC Seminar (6 credits):** ISED students are required to take two UIC Seminars. Courses with course codes of **UIC35(XX)** and **UIC36(XX)** are UIC Seminars.
 - **UIC Electives:** An array of elective courses are offered to all UIC students.
 - **ISED students are required to take either **Western Civilization or Eastern Civilization** during their 1st year.**
 - **Western Civilization:** This three hour lecture course will address the central historical question of how and why the far western peninsula of Eurasia became "the West." The course will explore not only the historical, philosophical, and literary foundations of "western civilization" but also will show how that "civilization" was shaped through encounters with other groups, cultures, and competing traditions. Rather than offering a comprehensive survey, the lectures will focus on particular literary, historical, philosophical, scientific, or artistic developments, from the ancient Greeks to the present day.
 - **Eastern Civilization:** In this course we will examine the civilizations of East Asia from the earliest recorded history to the present, focusing on how culture, thought, societies, and economies have changed over time. Although the semester will be divided by region into separate units on "China," "Japan," and "Korea," this course will not present national histories per se, but will instead give attention to regional and global interactions while emphasizing the fluidity of boundaries and identities.
 - **Social Engagement:** From 2018 academic year, Social Engagement course is offered only on the International Campus. UIC students admitted in 2018 and thereafter are required to take this course in their 1st year.
 - **Yonsei RC 101:** This is a required course for freshmen. Freshmen are required to take this course during their 1st semester.
- *Volunteer Services (I): Students may enroll in the Volunteer Services courses regardless of the per semester course load limit. **If a student receives a grade of 'NP', they cannot enroll in Volunteer Services courses afterwards. Course withdrawal is not allowed for Volunteer Services courses.** You should know that this is a graduation requirement.

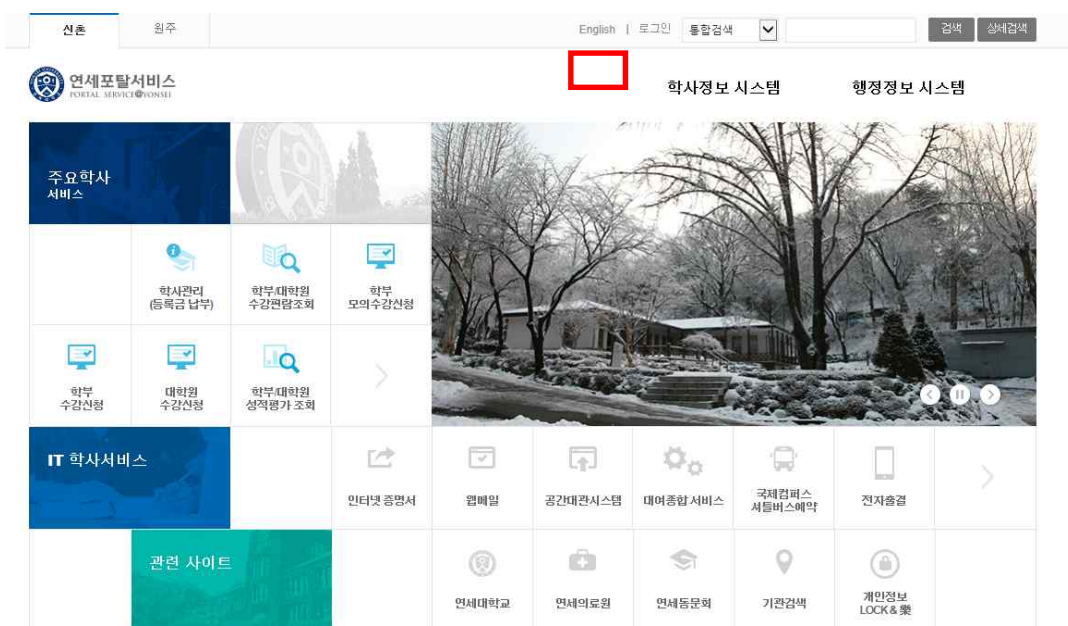

12. Online Course Enrollment

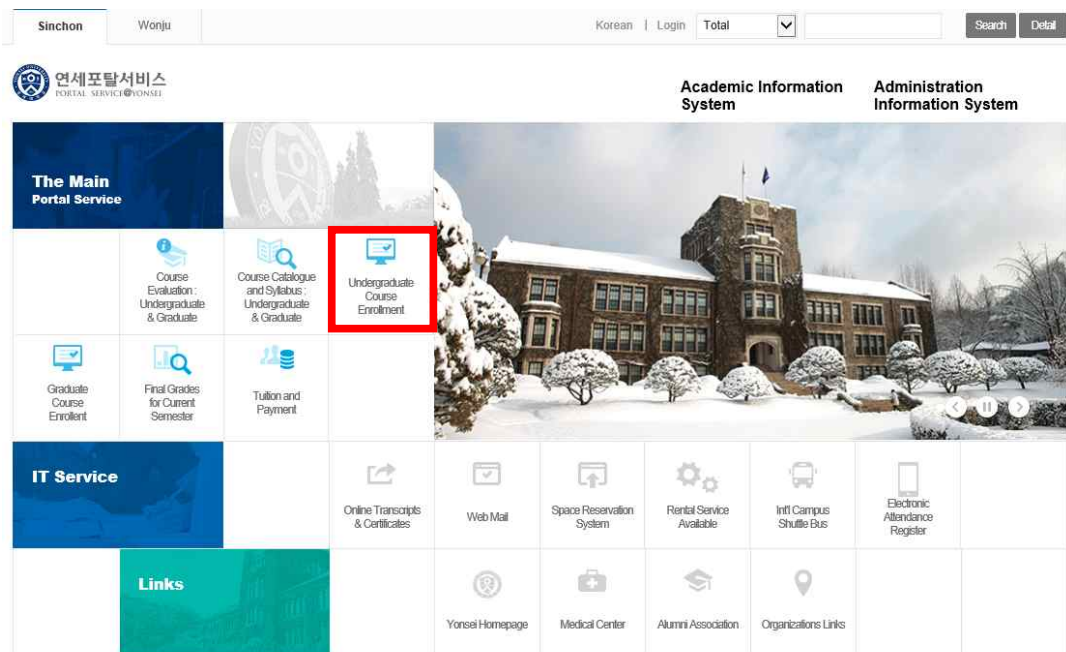

12.1. Important Notices

- Course enrollment is conducted online and requires an accurate input of course codes and section numbers. Grades cannot be entered for students who have not enrolled online (if a student's name does not appear on the roster, course enrollment status must be verified).
- Please verify whether courses are for repeat to avoid obtaining less credits. Graduating seniors in particular should double check for repeat courses.

12.2. Enrollment address

- Go to <http://portal.yonsei.ac.kr>, and click the 'English' button on the top right corner for English service.
- Click on the 'Undergraduate Course Enrollment' under the 'Main Portal Service'.

12.2.1. Log-in

- Login using your Student ID and Password.
- Your login ID is your Student ID Number, and your password is identical to the one used for the Yonsei Portal System.
- The initial password is the last seven digits of your Korean/Alien Registration Number. For those with no alien registration number, the password is your date of birth in YYMMDD order.
- In case of multiple login, the most recent login will be valid and others will be automatically logged-out.

12.2.2. Password change

- You can change your password after logging-in to the enrollment system.
- To change the password, enter your current password in the 'Input Old Password' box.
- Enter your new password in the 'Enter New password' box, and again in the 'Check New Password' box.
- When changing the password, try to avoid predictable numbers such as '0000' or '1111'.

12.2.3. Log-out

Students are strongly recommended to logout by clicking on the 'Logout' button on the top right corner after using the Yonsei Portal.

12.3. Course Search

- **Common Curriculum Courses:** Choose Undergraduate Programs > Underwood International College > Common Curriculum (International Campus) from the drop down boxes and then click on 'Search' to view the course listings.
- **Underwood Division (Freshman) Introduction to Major Courses:** Choose Undergraduate Programs > Underwood International College > Common Curriculum (International Campus) from the drop down boxes and then click on 'Search' to view the course listings. Courses include CLC1002 Introduction to Cultural Studies (CLC), ECO1001 Introduction to Economics (ECON), ISM1001 Introduction to International Studies (IS), and POL1002 Introduction to Political Science (PSIR)
- **Asian Studies Division (Freshman):** Choose Undergraduate Programs > Underwood International College > ASD-Asian Studies from the drop down boxes and then click on 'Search' to view the course listings.
- **Techno-Art Division (Freshman):**
 - Information and Interaction Design Major Courses:** Choose Undergraduate Programs > Underwood International College > TAD-Information and Interaction Design
 - Creative Technology and Management Major Courses:** Choose Undergraduate Programs > Underwood International College > TAD-Creative Technology & Management
 - Culture and Design Management Major Courses:** Choose Undergraduate Programs > Underwood International College > TAD-Culture and Design Management
- **Integrated Social Sciences Division (Freshman):**
 - Justice and Civil Leadership:** Choose Undergraduate Programs > Underwood International College > ISSD-Justice and Civil Leadership
 - Quantitative Risk Management:** Choose Undergraduate Programs > Underwood International College > ISSD-Quantitative Risk Management
 - Science, Technology, and Policy:** Choose Undergraduate Programs > Underwood International College > ISSD-Science, Technology, and Policy
 - Sustainable Development and Cooperation:** Choose Undergraduate Programs > Underwood International College > ISSD-Sustainable Development and Cooperation
- **Integrated Science and Engineering Division (Freshman):**
 - Nano Science and Engineering:** Choose Undergraduate Programs > Underwood International College > ISED-Nano Science and Engineering
 - Energy & Environmental Science and Engineering:** Choose Undergraduate Programs > Underwood International College > ISED-Energy & Environmental Science and Engineering
 - Bio-Convergence:** Choose Undergraduate Programs > Underwood International College > ISED-Bio-Convergence
- **Residential Education:** Choose Undergraduate Programs > International Campus > General Education Elective RC SE, General Education Elective RC 101 respectively for Social Engagement and RC 101 courses and then click on the magnifying glass to view the Residential Education course listings.

12.4. Course Enrollment Guideline

12.4.1. Course Enrollment

A. Go to the Yonsei Portal Service website (<http://portal.yonsei.ac.kr>) and click Undergraduate Course Enrollment. Log in with your present student ID and the password which is same with the Yonsei Portal Service password. After logging in, the screen below will show up.

2015학년도 2학기 수강신청 - 마일리지 선택제
 *마일리지선택제 기간 동안은 학생이 선택하는 마일리지에 의해서 수강신청이 결정됩니다. 다음 절차로 수강신청하시기 바랍니다.
 ① 신청을 희망하는 강의를 검색
 ② 신청버튼이나 '확정번호-분반-실습'을 클릭하고 과목에 사용할 마일리지를 입력한 후, 확인버튼을 클릭
 (계수평점수 선택 필요 시 팝업창으로 안내됨)

공지사항
 ~2015학년도 2학기 수강신청 기간입니다.

(The actual page may show some different features)

B. Search for courses using the major search or using the keyword search feature.

C. After clicking on the "Apply" button or 'Course Code-Sec.-Lab', input the amount of mileage.

※ Display of Credits Applied

The Sum of Total Credits Applied (Sum of all credits within the maximum credits constraint)

The followings are the cases when the application will not work.

- 1) The mileage point is not within the range between 1~36 (For YONSEI RC101, when mileage point is not within the range between 0~36).
- 2) The mileage allocated to a course exceeds remaining mileage.
- 3) The sum of credits exceeds the limit of credits per semester (excluding special courses such as chapel).
- 4) The course hours overlap with a previously applied courses.
- 5) The same course code has been already applied.
- 6) When the quota by each grade is '0' or when a student not in the major enrolls for

※ (Mileage System) Application Status

The current application status is not the final course enrollment.

This application data has to be confirmed according to mileage point and priority.

If the allocated mileage is same, the priority is given according to the following conditions

- 1) The mileage a student allocated for a course
- 2) Whether the Student is subject to special education
- 3) Conformity to major designated by the department offering the course
- 4) Number of Courses applied (For practicality, up to 6 courses will be considered and exceptional courses (chapel, volunteer activities, junior seminar, RA leadership, RC self-disciplinary activities etc) are not counted)
- 5) Whether a student applied for graduation or 'completion of course' at the end of course enrollment period(through mileage system)
- 6) First time enrolling to the course (not repeating)
- 7) Total ynumber of credits earned/required for graduation (Max: 1.00)

* Total credits of general transfer = Transferred credits + Earned credits
* Total Credits of Undergraduate transfer OR Exchange student = Standard credits per year +Earned Credits

- 8) Credits earned in the previous semester/maximum credits per semester(Max: 1.00)

※ Information about Wish List

If you click on "Wish List" button and put mileage, the course you chose will show up on your wish list. The wish list lasts until the end of Add & Drop Period.

If you use the wish list feature to save courses, you do not need to search them again. So it is recommended to use Wish List for your convenience during the Wait List System period(including the Additional Enrollment Period and Add & Drop Period) when a quick decision is needed.

a course that has a major student quota equal to the total quota.

※ Information about repeating course

The repeating course can be registered during all the course enrollment period including the Add & Drop period. When applying for a course that was already enrolled in the past, the system will automatically register it as a "Course Repeat"

1. For students who have limitations for 'Course Repeat' (students admitted in 2005~2007, 2013) a pop up will come out as the following.

재수강횟수 사용 선택

학점번호-분반-실습	과목명
현재까지 재수강사용횟수 2	

횟수사용 선택 ☒ 재수강횟수 사용안함 ☐ 재수강횟수 사용

다음 경우는 재수강횟수 사용안함 이 기본값이므로 반드시 확인하시기 바랍니다.
㉠ 2013학번 이후 F, NP학점에 대해 재수강을 하는 경우
㉡ 05-07학번이 C,D,F학점에 대해 재수강을 하는 경우

확인 취소

(Above image may be different from the actual pop-up screen)

The number of repeats applied on the above image will be reflected in the Notes and is displayed as "Use Number of Repeat Allowed" or "Do Not Use Number of Repeat

Allowed" By clicking a tab for change in the application section, you may change the conditions.

2. For students who are not related to the number of course repeat, the 'Repeat' will show in the application status.

D. To cancel an application or delete a course, click the "Cancel" button in the application status.

E. In case your mileage points are not sufficient for applying for a new course, you can change the mileage point in courses that you have previously applied by clicking the "Change" button.

F. Log out after checking if there is any mileage left and reviewing courses that you have applied to all desired courses.

12.4.2. Notification: Course Enrollment Results

A. list of successful (enrolled) and unsuccessful (Waiting List) students will be shown according to a rank calculated based on a student's mileage and priority.

B. In case when a student is unsuccessful, the waiting number will be shown so the student can decide if he/she wants to stay on the Waiting List or apply for other courses.

C. During this period, you can't register a course but can only add courses to a wish list.

D. Example

2015학년도 2학기 수강신청 - 내역배정 결과조회
*이월리지선박에 기간의 신청내역에 따른 배정결과이므로 내용을 참고하여 추가수강신청기간 및 수강변경기간에 수강신청을 완료하시기 바랍니다.

12.4.3. Additional Course Enrollment Period

A. Mileage is no longer used during this period and students will be queued according to

the waiting number depending on the placement results. (Waiting number will be determined based on the mileage that were allocated to the course)

B. For courses with vacancy, students may enroll in the course freely within the total student capacity.

C. If a student is applying for courses that do not have a vacancy, waiting numbers will be given on a first come first serve basis.

D. If there are students in the waiting list already, then the new waiting numbers will be given out after the last number in the list.

E. If an enrolled student decides to drop the course, the student on the Waiting List will be enrolled into the course based on the order of the waiting number. (Waiting list will be renewed regularly)

F. During this period you can freely change the items in the enrolled (success) /wait list (fail) page. However the sum of enrolled and wait listed cannot exceed the total credits allowed per semester, therefore in order to register for other courses have to cancel some of the enrolled or wait-listed courses to secure mileage.

G. It is not allowed for a student to apply into a course which he is already wait-listed because of the same course code. Note that, if he were to cancel and re-apply, he will be put after the last person in the waiting list.

12.4.4. Add and Drop Period

A. During the Add & Drop Period, all the existing Waiting List will be initialized and new waiting lists will be created with new waiting numbers. (This gives a new opportunity for

students who had low priority)

B. Procedures of the Waiting List system is the same as that of additional enrollment period.

C. Students who are either, not on the registration list for the course, or are still on the Waiting List for a specific course, were unsuccessful. Therefore, they should check enrollment status and register for a new course before Add & Drop Period is over.

D. Since the students on the waiting list will be enrolled anytime when a vacancy due to changes in student capacity or withdrawal, students must withdraw themselves from the list if they do not wish to be enrolled. (No changes will be allowed once the Add & Drop Period is over)

E. Example

2015학년도 2학기 수강신청 대기순번제
※ 대기순번제 기간은 등록 기간과 수강신청기간이 동일하다.
 ※ 신청을 희망하는 강좌를 검색
 ※ 등록신청기간과 수강신청기간을 동일하게 수강신청(관여석)이 있는 강좌는 수강확정내역에 반영, 정원초과 강좌는 대기리스트에 반영
 (예수강번호 선택 또는 시 입력창으로 안내함)

공과사상
 * 추가수강신청기간의 초기 대기순번은 수강신청기간의 우선순위에 따라 부여되며, 수강신청기간 시작시에는 기존 대기순번이 초기화됩니다.

12.4.5. TIPS

A. Allocating mileage during the course enrollment period

- Mileage per semester for a student is 4 times the course load per academic term (available credits per semester). As a result, the average mileage used for a course would normally be the (course credits) x 4. For some courses that have high competition, or courses that are mandatory for a given department or college, students are encouraged to spare high mileage to those courses. However, for courses such as YONSEI RC101 that have no competition, or those that are allowed to exceed the available number of credits (Holistic Education I, RA Leadership, RC related courses) students are recommended not to allocate mileage unnecessarily.

B. Obtaining the good waiting numbers during the additional enrollment period and add & drop period.

- The Waiting List system uses the first come first serve method. However the previous first-come-first-serve system created a problem where students had to constantly apply

because when an enrolled student cancels the course, the student who applied at the specific moment was enrolled. The new Waiting List system, however, assigns each applicant a number so there is no need for unnecessary competition between students who already applied for a course and those who are still hoping to apply. Ultimately the Waiting List system still maintain time as a primary factor but assigns a number to each applicant so that there are no duplicate applications by the same student, thus, reducing the delay in the server. If you feel that your waiting number is unlikely to get a spot, it is recommended to apply to another course or another course with a smaller Waiting List instead of staying in Waiting List with a larger number.

C. Course Enrollment for Freshmen (New Students and 1st Year Students in the 2nd Semester)

12.4.6. Course Inquiries

A. Inquiries for Enrollment Regulations or Submission of Opinions: Academic Support Team, Office of Academic Affairs, 02-2123-2086, yshaksa@yonsei.ac.kr

B. Inquiries for Program and System: Office of Academic Affairs Information
02-2123-6371/6391/6394

13. Course enrollment guidelines for Chapel

13.1. Course Enrollment Schedule for Chapel

Period	Dates (yyyy/mm/dd time)	Method	Note
Course Enrollment for Sophomore and above	2019.2.11 09:00 ~ 2.12 17:00	Mileage System	Time of enrollment not important (24 hours during the period)
View Results for Course Enrollment	2019.2.13 16:00 ~ 2.14 08:59		Wish List available
Additional Course Enrollment	2019.2.14 09:00 ~ 2.15 17:00	Wait List System	Setting the waiting list by priority according to the result of enrollment period
Course Enrollment for Freshmen	2019.2.26. 09:00 ~ 17:00	Wait List System	Waiting numbers are given on the first-come first-serve basis.
Course Add & Drop	2019.3.7 08:00 ~ 3.11 17:00		The existing waiting number will be initialized. Waiting numbers are given on the first-come first-serve basis.

13.2. 2019 Spring Semester Chapel Schedule

1) Sinchon Campus

Day Period	Tuesday	Wednesday
2nd Period	Chapel for Sophomore	Chapel for Sophomore
3rd Period	Chapel for Sophomore	Chapel for Sophomore
4th Period		
5th Period		Chapel for UIC Sophomore or above (English)

2) International Campus (Songdo)

Day Period	Tuesday	Wednesday	Thursday
2nd Period	Chapel for UIC (English)	Chapel for Freshmen (Praise and Worship)	Chapel for Freshmen
3rd Period	Chapel for UIC (English)	Chapel for Freshmen (Praise and Worship)	Chapel for Freshmen

13.3. Chapel Registration Guidelines

- Freshmen: All majors including College of Medicine, College of Dentistry, and College of Nursing must apply to Chapel A (International Campus)
- Seniors attending 9th semester or above: Must visit the Academic Support Team (Underwood Hall B101, Tel: 2123-2087) during the course add/drop period 3/7(Thr)-3/11(Mon).

13.4. Credit Policy for Chapel from 2015

- Freshman admitted in 2015 and thereafter will receive 0.5 credits for Chapel and to fulfill graduation requirement students must receive 4 passes (2 credits).
 - ※ Students admitted 2014 and before: Chapel 1, 2, 3, 4 (0 Credits)
 - ※ Students admitted 2015 and thereafter: Chapel A, B, C, D (0.5 Credits)
- Students would be graded “P” (Pass) or “NP” (Non-Pass).
- Students can enroll only one Chapel per semester. Students can enroll in Chapel regardless of the maximum course load per academic term.
- Students may enroll for Chapel up to 4 Passes. Transfer students entered as UIC juniors may enroll for Chapel up to 2 Passes whereas transfer students entered as UIC sophomores may enroll for Chapel up to 3 Passes.

13.5. Course Enrollment Guidelines for UIC students

- UIC freshman may only enroll in the English Chapel Class in the 2,3 period on Tuesday in the International Campus, while UIC Sophomores may only enroll in either the 5 period Chapel Class on Wednesday in the Sinchon Campus or the 2, 3 period on Tuesday in the International Campus.
- Juniors and above in the UIC Underwood field may only register for the English Chapel in Sinchon Campus during the Mileage registration period. During the additional course registration/course change period, they may enroll in all chapel classes opened in the Sinchon campus, whereas they may not enroll in chapels opened in the International Campus.
- Juniors and above in the HASS/ISE fields may only register for the English Chapel in the International Campus during the Mileage registration period. During the additional course registration/course change period, they may enroll in all chapel classes opened in the Sinchon campus and only English chapel classes in the International campus.
- The previous system of submitting a course time change approval form no longer is allowed.

13.6. Chapel Enrollment Guidelines for UIC transfer students

- Transfer students admitted to sophomore year must earn 3 Passes. Transfer students admitted to junior year must earn 2 Passes.
- According to school regulation article 17, transfer students who have taken Chapel from their

previous schools will earn 1 pass for Chapel.

13.7. Chapel Enrollment Guidelines for exchange students

- All exchange students who participate (and receive approval for credit transfer or submit Chaplain's confirmation on attendance) are considered taking Chapel. (Please contact Yonsei Chaplain.)

13.8. Course Information

- Chapel begins on 3/5(Tue).
- Late students will be regarded as absent. Students are checked present within 5 minutes and 59 seconds (absent from beyond 6 minutes) from the start of the period.
- Please put top priority in Chapel during course enrollment period.
- Attendance for Chapel is checked from the first week so fill out a blue paper and take the other Chapel sections if you intend to change the Chapel schedule afterwards.
- Freshmen and sophomores at Sinchon Campus should earn 4 Passes during their first and second years. Students who choose to take Chapel during their junior or senior year may find it difficult for they can only register for remaining seats and major classes may overlap with their desired Chapel schedule.
- Freshmen at International Campus should earn 2 Passes during their first year. Sophomores, juniors, and seniors may find it difficult for they can only register for remaining seats and major classes may overlap with their desired Chapel schedule.
- Attendance will be the basis of grading Pass/Non-Pass.
- Absence must be reasonable and should be supported by a valid document. Penalties will be given by the affiliated department to students whose reasons are made up or whose documents are forged. (Reasons for absence must be reported within a week from the absence and the form must be printed out from the Chaplain homepage.)
 - ※ Reasonable absence is military service, hospitalization due to illness, substitute class, participation in a competition as a representative of university, participation in an official event held by university, job interview, etc. Please refer to Chaplain homepage (<http://chaplain.yonsei.ac.kr>) > FAQ for more details.

13.9. Attendance Check & Grading Policy

- Assigned seat number: Yonsei Portal > Electronic Attendance Register > Search Attendance Status > Chapel > Chapel Seat Number (upper-right corner)
- Your attendance can be checked at Yonsei Portal.
 - ※ Yonsei Portal > Electronic Attendance Register > Search Attendance Status > Chapel
- Student must attend more than 2/3 of class (excluding class cancellation) in order to pass.

13.10. For more information, check Chaplain website (<http://chaplain.yonsei.ac.kr>)

- Contact:
 - Chaplain at Sinchon Campus (02-2123-2038) chapel@yonsei.ac.kr
 - Chaplain at International Campus (032-749-2800) chapeli@yonsei.ac.kr

14. Change in Graduation Requirement for RC Courses

14.1 Summary of Change

Classification	RC Graduation Requirement

14.2 Details Regarding Change

Courses	Details Regarding Change
HE I (UCR1001)	<ol style="list-style-type: none"> 1. Abolish HE I and change the name of the subject to "Social Engagement (UCR1015)." 2. Class of 2013-2017 students who have not taken HE I may take Social Engagement (UCR1015) instead. 3. Social Engagement (UCR1015) is graduation requirement for class of 2018 and thereafter.
HE II (UCR1002)	<ol style="list-style-type: none"> 1. Part of the graduation requirement for students of class of 2013~2017. 2. Not part of the graduation requirement for students of class of 2018 and thereafter. 3. These courses will be open to students who need to retake these courses and those who have not completed the requirements yet (Class of 2013~2017). Thus, minimum number of classes enough to accommodate the aforementioned students will be open. Permanent closing of these courses will be proceeded subsequently.
HEIII (UCR1003)	

15. Lecture Hall Information

16-UIC First

17-CBL(Community Based Learning) : 강의실수업과 지역사회현장활동 병행, 경험학습활동을 원하는 학생만 본 수업 참여

㉑-Native Lecture

㉒-Offered at the International Campus

㉓-FLIPPED CLASSROOM: TAKE PRE-CLASS AT YSCEC BEFORE COMING TO CLASS

㉔-Online Classroom

㉕- Only available to the students serving military service in Korea(Military Leave)

㉖-SIC(Social Innovation Certificate)

㉗-supplementary video lectures

㉘-Course Taught in English

㉙-UIC Students Only

㉚-A UIC Seminar. Courses with course codes of UIC35(XX) and UIC36(XX) are UIC Seminars.

㉛-This course fulfills the science literacy requirement.

㉜-For 2013 and above, this course is considered as World History Group 1, and also fulfills Science Literacy Requirement.

㉝-For 2014 students and thereafter, this course is a Science Literacy Course ONLY, and it is not considered as World History Group 1.

㉞-UIC LSBT & ISED only

㉟-Students with CGPA of 3.7(A-) and above are qualified to write a UIC Senior Thesis.

㊱-Chair Professor Seminar: students must check actual class hours on the UIC website academic affairs notice board or syllabus.

㊲-UD(non-LSBT), HASS majors only

㊳-UIC, English Chapel

㊴-This course fulfills the language & arts requirement.

㊵-Class of 2015 and thereafter only

(a)-Graded on Relative Scale

(b)-Graded on Absolute Scale

(c)-Graded on P/NP basis

- Major: 42 credit-hours required within CLC course offerings (CLC1002 and CLC1003 are optional and do not count for major credit). CLC majors are also encouraged to take foreign language courses offered by the Chinese, German, French, and Russian Language and Literature departments within the College of Liberal Arts, and also by University College (Japanese and Spanish only from University College). Up to 9 credits (of which 6 must be in the same language) of foreign language courses other than English can count towards fulfillment of CLC credit requirements. Courses taken to fulfill UIC overall language requirements cannot be double counted towards fulfillment of CLC credit requirements. Furthermore, up to 12 credits taken in from related fields (Chinese, English, German, French, and Russian literature, and other majors with prior approval from the Chair of CLC) may count towards fulfillment of CLC credit requirements.
- Double major: 36 credit-hours required within CLC course offerings.
- Minor: 18 credit-hours required within CLC course offerings.

- Major: 42 credit-hours required from among the Economics or Statistics courses listed below. The following seven courses (21 credits) are required: Introduction to Economics (This UIC Elective course is required for the Economics majors but is not counted toward the major credits), Principles of Microeconomics, Principles of Macroeconomics, Microeconomics, Macroeconomics, Mathematics for Economics I, Introduction to Statistics
- Double major: 36 credit-hours required. Double majors must also take the seven courses required for Economics majors.
- Minor: 18 credit-hours required. Principles of Microeconomics, Principles of Macroeconomics, and either Microeconomics or Macroeconomics are required to Economics minors. Economics minors also have to take Introduction to Economics from the UIC Electives though this course is not counted for major credits.
- All courses taught in English offered by the College of Economics can be counted toward Economics major credits.
- Economics majors can take a course taught in Korean and up to 4 courses (12credits) can be counted toward fulfilling the credit requirement for the major.
- Out of the following IS major courses, up to 2 courses (6 credits) maximum can be counted towards Economics major credits.
 - ISM2002 Fundamentals of Economic Decision Making (not applicable to the students admitted in 2009 and thereafter)
 - ISM2104 Financial Markets and Global Financial Institution (not applicable to the students admitted in 2010 and thereafter)
 - ISM2105 International Economics (not applicable to the students admitted in 2010 and thereafter)

• Basic Science Courses Requirements

Basic Science Requirements will be fulfilled by taking any 6 courses from Calculus I&II, Physics I&II, Chemistry I&II and Biology I&II. It can also be retroactively applied for students admitted before 2016. Students admitted before 2016 who have already fulfilled the previous requirements are not affected by the revised requirement.

* LSBT minors have to take General Biology and Laboratory I, II.

* These basic science courses are required but will not count toward fulfilling the major requirement.

• Specialized Course Requirements

Major: LSBT majors admitted in 2008 have to fulfill 57 credit-hours (42 credit-hours for students admitted in 2007 and before) among LSBT courses including the following 7 requisite courses (21 credit-hours): General Microbiology, Organic Chemistry, Biochemistry, Cell Biotechnology, Molecular Biology, Chemical Biology and Experiment in Molecular Cell Biology.

LSBT majors admitted in 2009-2018 have to fulfill 57 credit-hours among LSBT courses including the following 5 requisite courses (15 credit-hours): Organic Chemistry, Biochemistry, Cell Biotechnology, Molecular Biology, and one course from Experiment in Molecular Biotechnology, Experiment in Microbiology and Biochemical Engineering or Experiment in Molecular Cell Biology or Junior Independent Study or Senior Independent Study.

LSBT majors admitted in 2019 and thereafter have to fulfill 57 credit-hours among LSBT courses including the following 5 requisite courses (15 credit-hours): Organic Chemistry, Biochemistry, Cell Biotechnology, Molecular Biology, and one course from Experiment in Molecular Biotechnology, Experiment in Microbiology and Biochemical Engineering or Junior Independent Study or Senior Independent Study.

Double Major: Students admitted in 2009-2018 have to fulfill 36 credit-hours among LSBT courses including the following 4 requisite courses(12 credit-hours): Biochemistry, Cell Biotechnology, Molecular Biology, and one course from Experiment in Molecular Biotechnology, Experiment in Microbiology and Biochemical Engineering or Experiment in Molecular Cell Biology or Junior Independent Study or Senior Independent Study.

Students admitted in 2019 and thereafter have to fulfill 36 credit-hours among LSBT courses including the following 4 requisite courses(12 credit-hours): Biochemistry, Cell Biotechnology, Molecular Biology, and one course from Experiment in Molecular Biotechnology, Experiment in

Microbiology and Biochemical Engineering or Junior Independent Study or Senior Independent Study.

Minor: 18 credit-hours required within LSBT course offerings including the following 3 requisite courses(9 credit-hours): Biochemistry, Cell Biotechnology, and Molecular Biology.

* NOTE: Students must take these Specialized Course Requirements through UIC as UIC only courses. These courses cannot be taken in a department outside of UIC even if they are taught in English.

JCL major/minor requirements include the required courses of the Common Curriculum, the Humanities, arts, and Social Sciences Division (HASS), and the JCL program.

- Major: 42 credit-hours are required from the Justice and Civil Leadership (JCL) course listings, including the four compulsory courses (12 credit-hours).

Courses Taught in Korean: JCL majors can take courses taught in Korea, and up to four of these courses (twelve credits) can count toward fulfilling the credit requirement for the major. These courses require pre-approval from the Chair of the JCL.

JCL Compulsory Classes: Interdisciplinary understanding is possible only if students begin with disciplinary strength. JCL majors, double majors, and minors must take four compulsory classes (twelve credits). Ideally, students take the required introductory legal studies and politics classes before or in the same semester as their first courses taken in those fields. However, students may take JCL courses in any order.

INTRODUCTION TO JUSTICE AND CIVIL LEADERSHIP

POLITICAL THOUGHT: CONCEPTS AND CASE STUDIES

- Students may take Introduction to Statistics, Social Science Research Methods, or Introduction to Global Affairs, instead of Introduction to Political Thought.

INTRODUCTION TO LEGAL STUDIES

One of the following three courses from other HASS programs:

Fundamentals of Economic Analysis (Quantitative Risk Management)

The Rise of Modern Science (Science, Technology, and Policy)

Cooperation and Support for Sustainable Development: Actors, Actions, and Aid Financing (Sustainable Development and Cooperation).

- Double Major: Students who take the JCL as a second major must take thirty-six credit hours from the JCL course listings, including the above compulsory courses.
- Minor: Students who minor in JCL must take eighteen credits from the JCL course listings, including the above compulsory courses.

UIC Seminars: JCL majors must take at least two UIC Seminars with no exceptions.

JCL Elective Classes: JCL majors must take thirty elective credits. Double majors must take fourteen credits and students minoring in the JCL, six credits. The credits must be taken from the JCL curriculum, unless regulations or department approval permit students to take a course elsewhere at Yonsei University, during an exchange program, or otherwise.

Elective courses opened each semester may vary, from year-to-year. The semesters in which particular electives are offered may also vary, from year-to-year.

- Major: 42 credit-hours required from the course list of QRM major. The following seven courses (21 credits) out of eight courses are required:
 - 1) Introduction to Quantitative Risk Management
 - 2) Introduction to Statistics
 - Students may take "Social Science Research Methods" instead of Introduction to Statistics.
 - 3) Fundamentals of Economic Analysis
 - 4) Introduction to Legal Studies
 - 5) Mathematics for Economics 1
 - 6) Mathematical Statistics 1
 - 7) Principles of Financial Engineering
 - 8) Macroeconomics
- Double Major: 36 credit-hours required. Double majors must also take the seven out of eight courses required for QRM major.
- Minor: 18 credit-hours required. Introduction to Quantitative Risk Management, Mathematics for

Economics, Introduction to Statistics, Fundamentals of Economic Analysis, Mathematical Statistics 1, Principles of Financial Engineering.

- QRM majors can take a course taught in Korean and up to 4 courses (12 credits) can be counted toward fulfilling the credit requirement for the major.

- Major: 42 credit-hours are required from the Science, Technology and Policy (STP) course listings. The following six courses (18 credit-hours) are required:
 - 1) Introduction to Science, Technology and Policy
 - 2) Social Science Research Methods
 - Students may take "Introduction to Statistics," "Moral Reasoning and Critical Judgement," or "Introduction to Global Affairs" instead of Social Science Research Methods.
 - 3) Social Interpretation of Scientific Data I
 - 4) The Rise of Modern Science
 - 5) One of the following three courses:
 - a) Introduction to Legal Studies
 - b) Fundamentals of Economic Analysis
 - c) Cooperation and Support for Sustainable Development: Actors, Actions, and Aid Financing
 - 6) Policy Analysis and Evaluation
- Double Major: Students completing Science, Technology and Policy (STP) as a second major must take 36 credit hours from STP course listings including the above required courses.
- Minor: Students with a minor in Science, Technology and Policy (STP) must take 18 credit hours from the STP course listings including the above required courses.
- STP majors can take a course taught in Korean and up to 4 courses (12 credits) can be counted toward fulfilling the credit requirement for the major.

- Basic Science Course Requirement and Thesis
ISED students should take 18 credits from basic science courses choose 6 from Calculus I&II, Physics I&II, Chemistry I&II and Biology I&II. ISED students must also write a graduation thesis.
- Major: NSE majors are required to take 57 credits from the NSE courses, including 3 major basic courses and 6 major requisite courses (27 credits)
Major Basic (9 credits)
– INTRODUCTION TO INTEGRATED SCIENCE AND ENGINEERING, FUNDAMENTALS OF QUANTUM PHYSICS, PHYSICAL CHEMISTRY (1)
Major Requisite (18 credits)
– INTRODUCTION TO NANOTECHNOLOGY AND LABORATORY, SOLID STATE CHEMISTRY, ELECTROMAGNETIC THEORY, NANO CHARACTERIZATION, JUNIOR INDEPENDENT STUDY, NSE SENIOR THESIS
- Double Major: Students who want to take NSE as a double major are required to fulfill 36 credits from

the NSE courses, including 3 major basic courses and 6 major requisite courses (27 credits)

Major Basic (9 credits)

- INTRODUCTION TO INTEGRATED SCIENCE AND ENGINEERING, FUNDAMENTALS OF QUANTUM PHYSICS, PHYSICAL CHEMISTRY (1)

Major Requisite (18 credits)

- INTRODUCTION TO NANOTECHNOLOGY AND LABORATORY, SOLID STATE CHEMISTRY, ELECTROMAGNETIC THEORY, NANO CHARACTERIZATION, JUNIOR INDEPENDENT STUDY, NSE SENIOR THESIS

- Minor: Total 18 credits taken from the NSE courses are required for the NSE minors. Requisite courses for the NSE minors, including 3 requisite courses (9 credits)

Major Requisite (9 credits)

- FUNDAMENTALS OF QUANTUM PHYSICS, INTRODUCTION TO NANOTECHNOLOGY AND LABORATORY, NANO CHARACTERIZATION

- NSE majors can take a course taught in Korean and up to 4 courses (12 credits) can be counted toward fulfilling the credit requirement for the major.
- NSE majors can take a course offered by other Department than UIC and up to 4 courses (12 credits) can be counted toward fulfilling the credit requirement for the major.

Basic Science Course Requirement and Thesis

ISED students should take 18 credits from basic science courses choose 6 from Calculus I&II, Physics I&II, Chemistry I&II and Biology I&II. ISED students must also write a graduation thesis.

- Major: BC majors are required to take 57 credits from the BC major courses, including 3 major basic courses and 6 major requisite courses (27 credits)

Major Basic (9 credits)

- INTRODUCTION TO INTEGRATED SCIENCE AND ENGINEERING, PHYSICAL CHEMISTRY (1), BIOCHEMISTRY (1)

Major Requisite (18 credits)

- CELL BIOLOGY (1), ORGANIC CHEMISTRY (2), MOLECULAR BIOLOGY, INDUSTRIAL BIOCONVERGENCE, JUNIOR INDEPENDENT STUDY, BC SENIOR THESIS

- Double Major: Students who want to take BC as a double major are required to fulfill 36 credits from the BC major courses including 3 major basic courses and 6 major requisite courses (27 credits)
Major Basic (9 credits)
- INTRODUCTION TO INTEGRATED SCIENCE AND ENGINEERING, PHYSICAL CHEMISTRY (1), BIOCHEMISTRY (1)
Major Requisite (18 credits)
- CELL BIOLOGY (1), ORGANIC CHEMISTRY (2), MOLECULAR BIOLOGY, INDUSTRIAL BIOCONVERGENCE , JUNIOR INDEPENDENT STUDY, BC SENIOR THESIS
- Minor: Total 18 credits taken from the BC major courses are required for the BC minors.
- BC majors can take a course offered by other Department than UIC and up to 4 courses (12 credits) can be counted toward fulfilling the credit requirement for the major.

Ⓐ-Native Lecture

Ⓒ-Offered at the International Campus

Ⓐ-FLIPPED CLASSROOM: TAKE PRE-CLASS AT YSEEC BEFORE COMING TO CLASS

Ⓒ-Online Classroom

Ⓐ- Only available to the students serving military service in Korea(Military Leave)

Ⓒ-SIC(Social Innovation Certificate)

Ⓐ-supplementary video lectures

Ⓒ-Course Taught in English

Ⓒ-UIC students only

Ⓒ-UIC, English Chapel

(a)-Graded on Relative Scale

(b)-Graded on Absolute Scale

(c)-Graded on P/NP basis
