Eunjoo Kim

UX Design Lead, Google, USA

Eunjoo Kim is a UX designer and design strategist. She has worked in the UX design field over 20 years at major global IT companies including Samsung, Motorola, Qualcomm, and now at Google. Throughout her professional career, she has done UX designs to develop new product categories in emerging technology products such as wearables, hearables, mobile, and AR/VR. She was shortlisted as one of the top 18 women leading the way in wearable tech and VR in 2016, and 50 wearable tech gamechangers for 2016 by Wearable magazine.
